Please spread the word in your jurisdictions that the Cass River Greenway has scheduled a "cleanup" for the last 4 mile stretch of the Upper Cass River. Our Host site this year is CARO MOTORSPORTS which is just East of Caro.

We will be cleaning the final section of the Cass River - ending at the bend in the River just East of Bell-Wasik Motors.

The cleanup is similar to the MDOT roadway cleanup...only we walk in the River alongside a canoe which is used to transport tires and other debris collected...it's mostly car tires.

Each group of 8 people will be assigned a one mile stretch of the River. A Safety orientation is held at 8:30 am with the groups heading to each launch site at 9:00 am. We're generally done by Noon.

Please wear shoes that can traverse safely in the water on slippery rocks (no flip flops) and clothing that can get wet and soiled. We have some life jackets (courtesy of a Pinney Foundation Grant) but if you have one please bring it along. Teens under 18 are required to have parental permission (Contact me for forms or they'll be available at registration that day).

National Clean-up Day was selected because the water tends to be shallower in mid September, allowing us the ability to locate tires and other larger submerged objects that we may have to tag and retrieve later.

The Cass River Greenway is a non-profit, volunteer group that is invested in the Ecological and Recreational Future of our Cass River. We hope you can help us promote this worthwhile effort and that plenty of able bodied folks will turn out to help us finish this cleanup effort.

We will have light refreshments available at the sign up table and t-shirts for volunteers (while supplies last).

Any questions can be directed to Gene Suoppi (Retired MDEQ) at 989-325-1548 or myself Nancy Barrios at 810-358-5755.

Thank you all for your support.
