BOND PROPOSITION**

This proposal would allow the Township of Denmark to issue bonds to fund construction of water system improvements. The Township would pledge its full faith and credit for payment of the bonds and would be obligated to advance moneys from its general funds or to levy ad valorem taxes on all taxable property within the Township to pay the bonds to the extent that other moneys of the Township are not available. The sources of payment for the bonds include special assessments imposed upon parcels of real property that benefit from the improvements and revenues to be derived from the users of the water supply system. Taxes levied by the Township would be subject to constitutional and statutory limitations.

Shall the Township of Denmark, Tuscola County, Michigan, issue limited tax general obligation bonds in the principal amount not to exceed \$1,400,000 pursuant to the provisions of Act 34, Public Acts of Michigan, 2001, for the purpose of defraying all or part of the cost of acquiring and constructing water supply system improvements, including but not limited to water mains and related improvements for the distribution of water and payment to the County of Tuscola for preliminary plans and other preliminary costs of the improvements?

MAYVILLE COMMUNITY SCHOOLS OPERATING MILLAGE RENEWAL PROPOSAL

This proposal will allow the school district to continue to levy the statutory rate of 18 mills on all property, except principal residence and other property exempted by law, required for the school district to receive its revenue per pupil foundation allowance and renews millage that will expire with the 2015 tax levy.
