Kingston Community School Operating Millage Proposal

This proposal will allow the school district to continue to levy the statutory rate of not to exceed 18 mills on all property, except principal residence and other property exempted by law, required for the school district to receive its full revenue per pupil foundation allowance.

Shall the limitation on the amount of taxes which may be assessed against all property, except principal residence and other property exempted by law, in Kingston Community School, Tuscola and Lapeer Counties, Michigan, be increased by 18 mills (\$18.00 on each \$1,000 of taxable valuation) for a period of 10 years, 2018 to 2027, inclusive, to provide funds for operating purposes (this millage will only be levied to the extent necessary to restore millage lost as a result of a reduction required by the "Headlee" amendment to the Michigan Constitution of 1963); the estimate of the revenue the school district will collect if the millage is approved and 18 mills are levied in 2018 is approximately \$432,760?

State

Proposal 18-2

A proposed constitutional amendment to establish a commission of citizens with exclusive authority to adopt district boundaries for the Michigan Senate, Michigan House of Representatives and U.S. Congress, every 10 years

This proposed constitutional amendment would:

- Create a commission of 13 registered voters randomly selected by the Secretary of State:
 - 4 each who self-identify as affiliated with the 2 major political parties; and
 - 5 who self-identify as unaffiliated with major political parties.
- Prohibit partisan officeholders and candidates, their employees, certain relatives, and lobbyists from serving as commissioners.
- Establish new redistricting criteria including geographically compact and contiguous districts of equal population, reflecting Michigan's diverse population and communities of interest. Districts shall not provide disproportionate advantage to political parties or candidates.
- Require an appropriation of funds for commission operations and commissioner compensation.

Should this proposal be adopted?

Kingston Community School Operating Millage Proposal

This proposal will allow the school district to continue to levy the statutory rate of not to exceed 18 mills on all property, except principal residence and other property exempted by law, required for the school district to receive its full revenue per pupil foundation allowance.

Shall the limitation on the amount of taxes which may be assessed against all property, except principal residence and other property exempted by law, in Kingston Community School, Tuscola and Lapeer Counties, Michigan, be increased by 18 mills (\$18.00 on each \$1,000 of taxable valuation) for a period of 10 years, 2018 to 2027, inclusive, to provide funds for operating purposes (this millage will only be levied to the extent necessary to restore millage lost as a result of a reduction required by the "Headlee" amendment to the Michigan Constitution of 1963); the estimate of the revenue the school district will collect if the millage is approved and 18 mills are levied in 2018 is approximately \$432,760?

- Create a state licensing system for marijuana businesses and allow municipalities to ban or restrict them.
- Permit retail sales of marijuana and edibles subject to a 10% tax, dedicated to implementation costs, clinical trials, schools, roads, and municipalities where marijuana businesses are located.

State

Proposal 18-2

A proposed constitutional amendment to establish a commission of citizens with exclusive authority to adopt district boundaries for the Michigan Senate, Michigan House of Representatives and U.S. Congress, every 10 years

This proposed constitutional amendment would:

- Create a commission of 13 registered voters randomly selected by the Secretary of State:
 - 4 each who self-identify as affiliated with the 2 major political parties; and
 - 5 who self-identify as unaffiliated with major political parties.
- Prohibit partisan officeholders and candidates, their employees, certain relatives, and lobbyists from serving as commissioners.
- Establish new redistricting criteria including geographically compact and contiguous districts of equal population, reflecting Michigan's diverse population and communities of interest. Districts shall not provide disproportionate advantage to political parties or candidates.
