Old Business

1. Controller/Administrator Discussion -

Erica Dibble, Controller/Administrator, presented two options regarding the restructuring of the Controller/Administrator's Office. Option #1 would split the position of Controller/Administrator into two positions and would have 4 staff members. Option #2 would retain the position of Controller/Administrator and would have 5 staff members. A breakdown of potential duties and expected budget impact was provided with each option.

The Board discussed the two options presented regarding the duties, the financial impact and the effect on the county and other departments. It was discussed whether the Board should allow the new person in the position of Controller/Administrator to assess the office and then make a recommendation as to the structure. The workload in the office was discussed as well as the need to have someone with a strong handle on the county finances in the office as that is the most important information for the Board in order to make decisions.

Controller/Administrator Dibble stated that staying on as a part-time Controller/Administrator is a short-time solution for her in order to assist in bridging the gap.

Motion by Bill Lutz, seconded by Matt Koch to maintain the current combined Controller/Administrator position; to authorize immediate recruitment for the Controller/Administrator position, to approve the addition of an Accountant position and to authorize the recruitment for that position; and to approve the position changes outlined in Option Two (2) effective March 14, 2026.
