#### STATE OF MICHIGAN

71-B DISTRICT COURT

HON. JASON E. BITZER
DISTRICT COURT JUDGE

440 NORTH STATE STREET CARO, MICHIGAN 48723

(989) 672-3800

September 24, 2025

Tuscola County Board of Commissioners 125 W. Lincoln Street, Suite 500 Caro, MI, 48723

RE: Scanners for District Court

Dear Board of Commissioners:

As you all may know, earlier this year the Tuscola County District Court was mandated by the State of Michigan to become a "MiFile" Court for its civil matters. "MiFile" is a statewide e-filing system that provides for the electronic submission and serving of documents in Michigan courts 24 hours a day, 7 days a week without requiring a trip to the courthouse.

Converting to this e-filing system has been a substantial undertaking for my dedicated staff and myself. Even though we have been officially accepting e-filings now since June 5, 2025, the work necessary to convert fully to this e-filing system is still ongoing on our end. This conversion process involves my staff converting all of our paper files to a digital format. In 2024 alone, we had 1,855 civil cases filed in District Court, some that are hundreds of pages thick. By way of comparison, in 2024, the Tuscola County Circuit Court had 893 civil cases filed, and there were 374 cases filed in the Tuscola County Probate Court. As of right now, we still have thousands of files that have to be converted.

The process of converting to digital requires the use of document scanners. As you can imagine, this is a laborious, time-consuming task, especially without the right technology to support this endeavor. The scanners we currently have are incapable of accomplishing this without a significant interruption to our clerks' normal duties. Though we would have been justified in requesting from this Board additional employment positions to be created to assist with this process, we have refrained from doing so as habitually responsible stewards of County

funds. However, the need for technology appropriate to the demands of this new system cannot be ignored.

In explaining our needs to Mr. Lee, he has suggested several hi-capacity scanners to select from. Of those options, he has recommended the Canon Color Scanner DR-G2140. I, of course, defer to his expertise regarding this topic.

I am asking the Board to approve two (2) of these scanners. This will be necessary to not only ensure that we can convert all of our old files to a digital format, but also to keep up with the demands of our new filings. Additionally, it is more than likely that in the next few years this e-filing system will be used for criminal cases as well.

Thank you for your time and consideration for this reasonable request.

Sincerely,

Hon. Jason E. Bitzer

Tuscola County District Court Judge

Eean,

I apologize for the delay in getting back to you. Here are some scanner options for you to consider. If these are not suitable for your needs, please let us know and we can provide additional options.

Once you have narrowed down which scanner might work best for you, please let us know and we can provide a SOW with the scanners and OnBase licenses to move forward with the purchase. I have also included the current pricing for the OnBase licenses below.

I would like to be added to the agenda on Oct 13th to request out of state travel to PA. We are ordering explosives for our new bomb dog and it is cheaper to drive than shipping and handling. One estimate had shipping at \$3699 the other estimate had shipping at \$4500.

Dear Jon,

We have prepared a quote renewing your Cisco SMARTnet Maintenance Agreement(s). The covered devices and their corresponding contract numbers and coverage periods are included in the attached quote.

The "SMARTnet" contract with Cisco provides the following:

- Major and minor operating system upgradesbug fixes
- Access to Cisco Technical Assistance Center (TAC)
- Advanced warranty replacement should a device have any issues (hardware failure, etc) i.e. you'll get a new one the next business day

We highly recommend renewing maintenance contracts on Cisco devices. If you were to have a failure of such a device and did not have a valid SMARTnet contract, you would have to purchase another device. Software updates, technical support, and more importantly, advanced replacement of this equipment should it become defective, will not be possible without renewing this agreement.

Please review the attached quote. Let me know if you have any questions.

Any NetSource One services will be billed on a Time and Material basis or according to your Managed Services Agreement.

Best Regards,

Trever Shetler Account Manager NetSource One, Inc.

September 25, 2025

To: Tuscola County Board of Commissioners Kim Vaughan, Chairperson 125 W. Lincoln Street Suite 500 Caro, Michigan 48723

From:

Rev. Dr. William P. Sanders

Dear Commissioner Vaughan,

I will be unable to serve as the Tuscola County Representative to the Region VII Area Agency on Aging Board of Directors effective October 31, 2025. As of this year, and into the future, I will be spending 5½ months in Florida (November through the middle of April). I was first appointed to the Region VII AAA Board by your Commission in 2016. I have enjoyed serving Tuscola County as your representative and, as an active member of their Board, assisting them as they continue to become a more effective and larger agency serving senior citizens and disabled persons in our 10-county area.

Prior to serving as Tuscola County's Board representative I served for several years on the Tuscola County Council on Aging. I continue to serve as a volunteer for the Council as a part of the leadership team that plans and offers the annual Senior Dance in September each year (this year it was September 18<sup>th</sup>).

Sincerely,

Copies: Jodi Fetting, County Clerk V
