Judicial		Proposal 2026-2 A Proposed Initiated Law To Prohibit Campaign Contributions From Certain Regulated Utilities And Government Contractors And Apply Campaign Finance Laws And Regulations To Additional Types Of Political Communications The proposal would: - Prohibit regulated electric and gas utilities, contractors with over \$250,000 annually in government contracts, and people and organizations with substantial connections to these utilities/contractors from making direct or indirect campaign contributions to those who run for or hold offices that impact them. - Expand laws regulating spending on political communications, including those requiring disclosing donor information, to apply to communications clearly identifying candidates or ballot questions, even if they do not expressly advocate voting for/against them. - Expressly apply the law requiring disclosure of who paid for political communications to internet political communications. Should this proposal be adopted? Yes ☐ No ☐	Tuscola County County Veterans Services Millage Increase Shall the tax limitation on all taxable property within Tuscola County, Michigan, be increased and the County be authorized to levy a new millage in the amount of 0.03 mills (\$0.03 per \$1,000 of taxable value) annually, for six (6) years, 2027 to 2032 inclusive, to provide dedicated services and programs to veterans of the United States military and their qualified dependents within the County ("Veterans Services")? The estimated revenue the County will collect in the first year of levy (2027) if the millage is approved is approximately \$72,575. To the extent required by law, a portion of the revenues collected from this millage (estimated to be approximately 0.6% in the first year), will be captured by or disbursed to the Caro Downtown Development Authority ("DDA"), Cass City DDA, Millington DDA and Vassar DDA. Judge of Court of Appeals 4th District Incumbent Position Vote for not more than 3		The proposal would: - Prohibit regulated electric and gas utilities, contractors with over \$250,000 annually in government contracts, and people and organizations with substantial connections to these utilities/contractors from making direct or indirect campaign contributions to those who run for or hold offices that impact them. - Expand laws regulating spending on political communications, including those requiring disclosing donor information, to apply to communications clearly identifying candidates or ballot questions, even if they do not expressly advocate voting for/against them. - Expressly apply the law requiring disclosure of who paid for political communications to internet political communications. Should this proposal be adopted? Yes ☐ No ☐	Shall the tax limitation on all taxable property within Tuscola County, Michigan, be increased and the County be authorized to levy a new millage in the amount of 0.03 mills (\$0.03 per \$1,000 of taxable value) annually, for six (6) years, 2027 to 2032 inclusive, to provide dedicated services and programs to veterans of the United States military and their qualified dependents within the County ("Veterans Services")? The estimated revenue the County will collect in the first year of levy (2027) if the millage is approved is approximately \$72,575. Should this proposal be adopted? Yes ☐ No ☐	Tuscola County County Veterans Services Millage Increase Shall the tax limitation on all taxable property within Tuscola County, Michigan, be increased and the County be authorized to levy a new millage in the amount of 0.03 mills (\$0.03 per \$1,000 of taxable value) annually, for six (6) years, 2027 to 2032 inclusive, to provide dedicated services and programs to veterans of the United States military and their qualified dependents within the County ("Veterans Services")? Judicial		Proposal 2026-2 A Proposed Initiated Law To Prohibit Campaign Contributions From Certain Regulated Utilities And Government Contractors And Apply Campaign Finance Laws And Regulations To Additional Types Of Political Communications	Tuscola County County Veterans Services Millage Increase
Judge of Court of Appeals 4th District Incumbent Position Vote for not more than 3		The proposal would: - Prohibit regulated electric and gas utilities, contractors with over \$250,000 annually in government contracts, and people and organizations with substantial connections to these utilities/contractors from making direct or indirect campaign contributions to those who run for or hold offices that impact them. - Expand laws regulating spending on political communications, including those requiring disclosing donor information, to apply to communications clearly identifying candidates or ballot questions, even if they do not expressly advocate voting for/against them. - Expressly apply the law requiring disclosure of who paid for political communications to internet political communications. Should this proposal be adopted? Yes ☐ No ☐	Shall the tax limitation on all taxable property within Tuscola County, Michigan, be increased and the County be authorized to levy a new millage in the amount of 0.03 mills (\$0.03 per \$1,000 of taxable value) annually, for six (6) years, 2027 to 2032 inclusive, to provide dedicated services and programs to veterans of the United States military and their qualified dependents within the County ("Veterans Services")? The estimated revenue the County will collect in the first year of levy (2027) if the millage is approved is approximately \$72,575. To the extent required by law, a portion of the revenues collected from this millage (estimated to be approximately 0.6% in the first year), will be captured by or disbursed to the Caro Downtown Development Authority ("DDA"), Cass City DDA, Millington DDA and Vassar DDA.

State		Tuscola County County Veterans Services Millage Renewal	
Proposal 2026-1 A Proposal To Convene A Constitutional Convention For The Purpose Of Drafting A General Revision Of The State Constitution		Shall the previously approved millage authorization in support of Tuscola County Veterans Services, reduced by the required millage rollbacks and which will expire in December, 2026, be renewed and the County of Tuscola, Michigan, be authorized to levy a millage of 0.1697 mill (\$0.1697 per \$1,000 of State Taxable Value) annually, for a period of six (6) years, 2027-2032 inclusive, on all taxable property within in Tuscola County to provide dedicated services and programs to veterans of the United States military and their qualified dependents within the county ("Veterans Services")? 			County Tuscola County County Veterans Services Millage Renewal Shall the previously approved millage authorization in support of Tuscola County Veterans Services, reduced by the required millage rollbacks and which will expire in December, 2026, be renewed and the County of Tuscola, Michigan, be authorized to levy a millage of 0.1697 mill (\$0.1697 per \$1,000 of State Taxable Value) annually, for a period of six (6) years, 2027-2032 inclusive, on all taxable property within in Tuscola County to provide dedicated services and programs to veterans of the United States military and their qualified dependents within the county ("Veterans Services")? The estimated revenue the County will collect in the first year of levy (2027) if the millage is approved is approximately \$406,500. (This is a reauthorization and six-year extension of a millage levied in 2026, that will expire with the 2026 tax levy, rather than an increase.) To the extent required by law, a portion of the revenues collected from this millage (estimated to be approximately 0.6% in the first year), will be captured by or disbursed to the Caro Downtown Development Authority ("DDA"), Cass City DDA, Millington DDA and Vassar DDA. Judicial		Proposal 2026-2 A Proposed Initiated Law To Prohibit Campaign Contributions From Certain Regulated Utilities And Government Contractors And Apply Campaign Finance Laws And Regulations To Additional Types Of Political Communications The proposal would: - Prohibit regulated electric and gas utilities, contractors with over \$250,000 annually in government contracts, and people and organizations with substantial connections to these utilities/contractors from making direct or indirect campaign contributions to those who run for or hold offices that impact them. - Expand laws regulating spending on political communications, including those requiring disclosing donor information, to apply to communications clearly identifying candidates or ballot questions, even if they do not expressly advocate voting for/against them. - Expressly apply the law requiring disclosure of who paid for political communications to internet political communications. Should this proposal be adopted? Yes ☐ No ☐	Tuscola County County Veterans Services Millage Increase Shall the tax limitation on all taxable property within Tuscola County, Michigan, be increased and the County be authorized to levy a new millage in the amount of 0.03 mills (\$0.03 per \$1,000 of taxable value) annually, for six (6) years, 2027 to 2032 inclusive, to provide dedicated services and programs to veterans of the United States military and their qualified dependents within the County ("Veterans Services")? The estimated revenue the County will collect in the first year of levy (2027) if the millage is approved is approximately \$72,575. To the extent required by law, a portion of the revenues collected from this millage (estimated to be approximately 0.6% in the first year), will be captured by or disbursed to the Caro Downtown Development Authority ("DDA"), Cass City DDA, Millington DDA and Vassar DDA.
