Local School District

**Marlette Community Schools
Bond Proposal**

Shall Marlette Community Schools, Sanilac, Lapeer and Tuscola Counties, Michigan, borrow the sum of not to exceed Fourteen Million Dollars (\$14,000,000) and issue its general obligation unlimited tax bonds therefor, in one or more series, for the purpose of:

remodeling existing school buildings; and developing and improving driveways and a site?

The following is for informational purposes only:

The estimated millage that will be levied for the proposed bonds in 2026 is 2.15 mills (\$2.15 on each \$1,000 of taxable valuation). The maximum number of years the bonds of any series may be outstanding, exclusive of any refunding, is twenty-two (22) years. The estimated simple average annual millage anticipated to be required to retire this bond debt is 2.41 mills (\$2.41 on each \$1,000 of taxable valuation).

The school district does not expect to borrow from the State to pay debt service on the bonds. The total amount of qualified bonds currently outstanding is \$3,140,000. The total amount of qualified loans currently outstanding is \$0. The estimated computed millage rate may change based on changes in certain circumstances.

(Pursuant to State law, expenditure of bond proceeds must be audited and the proceeds cannot be used for repair or maintenance costs, teacher, administrator or employee salaries, or other operating expenses.)

Local School District

Kingston Community School
Operating Millage
Renewal Proposal

This proposal renews millage and will allow the school district to continue to levy the statutory operating millage rate on all property, except principal residence and other property exempted by law, required for the school district to receive its full revenue per pupil foundation allowance.

Shall the limitation on the amount of taxes which may be assessed against all property, except principal residence and other property exempted by law, in Kingston Community School, Tuscola and Lapeer Counties, Michigan, be increased by 15.4488 mills (\$15.4488 on each \$1,000 of taxable valuation) for a period of 7 years, 2026 to 2032, inclusive, to provide funds for operating purposes; the estimate of the revenue the school district will collect if the millage is approved and levied in 2026 is approximately \$610,000 (this is a renewal of millage that expired with the 2025 tax levy)?
